Are you a designer?
Are you a lamp manufacturer?

Are you a designer?
Or dealing in the retail and lighting industry?
We have advantages and services dedicated
to B2B customers like you.

Three generations of textile excellence put to the service of producing **THE BEST COVERED CABLE IN THE WORLD.**

The **history of Creative-Cables** traces its roots back to the textile industry of the **Chieri** area in Piedmont, Italy, known for the renowned production of its “**textile trim shops**” since the early 1900s.

At that time, a fabric generically called “**mesh curtain**” was created with four intertwined threads and many holes, and was **produced with crochet machines** by the German company “Key”, the holder of the world patent.

During the Second World War, Key was literally destroyed: but the resilience and drive of the people of Chieri, along with a pinch of luck and coincidence supported by a market demand did the rest to restore the trade.

It is **in this region** that we **manufacture our electrical fabric cables**, using the same technology underlying the textile trim production, leveraging a **priceless cultural heritage**.

LIGHTING CABLES

More than 150 colours, patterns, textures and surface effects for different uses, tastes or designs. Choose among the offered styles (round, twisted, nautical, large section or flat) to select what best suits your lighting project: they are incredibly flexible, because we use high quality PVC to avoid bulges or wrinkles. All of our lighting cables are IMQ-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

Round silk-effect cables

Silk-effect cables have a bright solid finish, which is elegant yet informal. Shiny as silk, they can bring colour wherever needed.

Specifications:

H03VV-F 300/300Vac 2x0,75mm² or 3x0,75mm²
 Flex Round IMQ-HAR Cable DOUBLE INSULATION under textile braid.
 Standard reference: EN 50525-2-11, Low Voltage European Directive N° 2014/35/EU,
 IMQ-HAR approval No. A0643, DoP No. 0008.
 Diameter: 6,2mm 2x0,75mm² or 6,6mm 3x0,75mm²
 The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 50 meters in length.
 UL listed 3 cores AWG18 cable is also available

Vertigo cables

These cables are braided with a peculiar pattern that cannot be found in other cables of our assortment. The effect is obtained by mixing coloured and transparent threads hereby resulting in some astonishing effects! Some of these cables are made out of natural fibres such as cotton, jute or linen; others are called "HD" because of their vivid and highly defined colours.

Specifications:

H03VV-F 300/300Vac 2x0,75mm² or 3x0,75mm²

Flex Round IMQ-HAR Cable DOUBLE INSULATION under textile braid.

Standard reference: EN 50525-2-11, Low Voltage European Directive No. 2014/35/EU, IMQ-HAR approval No. A0643, DoP No. 0008.

Diameter: 6,2mm 2x0,75mm² or 6,6mm 3x0,75mm²

Technology and design of Vertigo cables registered by Elexa Cavi.

Vertigo cables are exclusively distributed worldwide by Creative-Cables.

The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 50 meters in length.

ROPE CABLES

Covered with soft flock and raw jute in order to increase their diameters, cables can become a nautical rope with various thicknesses, colours and finishes. Inspired by the maritime style, they can create a totally unexpected suspension lamp. Every single product is designed and Made in Italy.

Rope cables

The electrical cable becomes an electrical cord. The double covered electrical cables are covered with soft flocked and raw jute in order to reach a 16mm diameter. You can use XL electrical cord covered in raw jute to match our new natural wood roses and lamp holders in order to create suspension lamps of great effect.

Specifications:

FRRTX 300/300V_{AC} 3x0,75mm²
Visible Spiral Flexible Cable which is double insulated, under the fabric braid.
Standard reference: Low Voltage European Directive No. 2014/35/EU
Diameter 16, 24 or 30mm.
The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 20 meters in length.
MADE IN ITALY

XL - 16mm

2XL - 24mm

3XL - 30mm

Jute rope cable

This 2XL jute rope cable is featured by a double coating: the round electric cable covered in RN06 jute is enriched by the external coating of the braided jute cord thus reaching a 24mm external diameter. The round cable covered in 2x0.75 RN06 Jute runs inside the cord cover: in this way you can treat the cord like any other cable, without worrying about how to connect it.

Specifications:

H03VV-F 300/300V_{AC} 2x0,75mm²
Flex Round IMQ-HAR Cable DOUBLE INSULATION under textile braid.
Standard reference: EN 50525-2-11, Low Voltage European Directive No. 2014/35/EU, IMQ-HAR approval No. A0643, DoP No. 0008.
Cable diameter: 6,2mm 2x0,75mm²
Cover cable diameter: 24mm
The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 20 meters in length.
MADE IN ITALY

IEMMEQU <HAR>
N° A0643, DoP N° 0008

2XL - 24mm

FLAT CABLES

Flat cables are Creative-Cables solution allowing you to both create wonderful string-light for your garden parties and beautiful indoor designs through the Filé System. Choose from a selection of trendy colors and add the necessary accessories for your compositions.

Flat cables

Specifications:

H05RNH2-F 300/500 V ac Rectangular flat shaped 2x1,5mm² cable

Standard reference: EN 50525-2-82 and IEC 60245.

The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 25 meters in length.

COMPONENTS - CEILING ROSES

A ceiling rose is an essential accessory for any design lamp. We offer a wide range of shapes, sizes and materials that will easily match any home style.

Metal ceiling roses

Among our best selling products, metal ceiling roses are available in 6 finishes. We also created the 2-3-4-5-7 hole versions to create multiple pendants: the side-holes roses can help design a totally customized wall or ceiling light fitting array.

Cable clamps can be made from plastic or metal and have different lengths, for an even more personalised solutions.

Italian woodworking craftsmanship,
natural simplicity that never goes out of style.

We produce our wooden components in a small workshop in the province of Turin, our hometown. Here, the distinctive Italian craftsmanship, care and creativity of our designers transforms every wood log into beautiful components to illuminate your spaces.

Wood ceiling roses

Specifically designed for our rope cables and offered in three basic colours, they are extremely versatile: natural wood can be painted or polished as desired. Each ceiling rose has a matching wooden lamp holder.

Leather-covered wooden ceiling roses

Add a touch of glamour and elegance with our leather covered wooden ceiling roses. The leather is handcrafted and sewn in Italy.

Silicone ceiling roses

Silicone ceiling roses are resistant, colourful and easy to install: you won't need to drill into your ceiling. Last but not least, they have a very attractive price! Each ceiling rose has a matching silicone lamp holder.

Cable Cup®

Cable Cup® was developed by Swedish designers Jonas Forsman and Lars Wette and has won several design awards. Made of elastic silicone, it's unique and very easy to mount thanks to its flexibility.

COMPONENTS - LAMP HOLDERS

A lamp holder is an essential accessory for any design lamp. We offer a wide range of shapes, sizes and materials that will easily match any living or working environment. Lamp Holders can match or contrast the ceiling roses: it's up to you! All our lamp holders are IMQ-ENEC certified, the highest quality standard in Europe.

LEGEND AND FINISHINGS

Metal lamp holders

Our best-selling lamp holders, offered in six different finishes and different styles: metal, vintage, milled metal and double-ferrule. These last can be used with lampshades too! Each lamp holder has a matching metal ceiling rose.

P-Light

P-Light is the unique E14 fitting lamp holder kit allowing you to create special lighting solutions with tubular light bulbs. You'll be able to create single or multiple pendant suspensions, perfect to illuminate rooms of different dimensions. Combine up to 15 pendants by matching P-Light with our selection of decorated Rose-One System XXL ceiling roses or pair it with smaller roses to create the pendant lamp that best matches your interior. From monochromatic shades up to brushed metal finishes, this little yet functional lamp holder kit is available in a variety of versions. This makes it suitable for different kinds of styles and interior design needs.

Thermoplastic and bakelite lamp holders

We recommend bakelite lamp holders to all fans of the vintage look and plastic if you need a neutral colour or just a simple design. Available with E14 or E27 fitting, also for lampshades if needed. Some versions include a switch or a pull cord switch. All products are sold individually or in bulk boxes (100, 500 or 1000 pieces).

Tub-E14

Tub-E14 metal spotlight lampshade is just perfect for every spotlight lover out there. This metal pipe was created to host a black E14 double ferrule lamp holder enabling you to direct light from any E14 light bulb to the exact area you need in your chosen setting. Connecting the Tub-E14 metal spotlight lampshade to a curved or straight metal extension gives an elegant and original wall lamp. Fixing it to one of our round or twisted 2x0,75mm cables allows you to create a unique single or multiple pendant.

ACCESSORIES

Small things can make a difference: among our accessories you will find all the special components which can make your lamp 100% unique.

Pinocchio

Pinocchio is Creative Cables adjustable wall mount for pendant lamp: it is made in Italy out of 100% beechtree wood and it can be polished or painted as desired. The cable doesn't go through any holes, it is wrapped around ridged wooden supports at each end: we strongly recommend you to use it with Snake, Snake for lampshades and SnakeBis. Pinocchio makes it possible to hang a lamp onto a wall, even with a lampshade with a 50cm maximum diameter and a 3,365 kg maximum weight.

Pinocchio can also be adjusted at three different heights.

ACCESSORIES AND FIXTURES

Archet(To)

Archet(To) is Creative-Cables patented and Made in Italy solution to create a suspended lamp that can be hung onto a wall, even with a lampshade with a 70cm maximum diameter and a 3,365 kg maximum weight: Archet(To) bends according to the weight it is bearing, it has a light structure in transparent polycarbonate and can be used with Snake, Snake for lampshades and SnakeBis.

ARCHETTO

To mount Archet(To) on a wall lightpoint, you may want to use the designated bases in natural and made-in-Italy wood. The bases can be polished or painted as desired.

ELECTRICITY

Every electrical accessory you can think of to create your own personal design: plugs, sockets, switches, dimmers, and much more.
All certified to the strictest Italian and European safety standards.

Switches designed by Achille Castiglioni

The legendary 450, produced by the then VLM of Buccinasco, was born more than 50 years ago from the pencil of one of the greatest protagonists of Italian design, winner of nine Golden Compasses.

The sound of the operating 'click' has entered the collective imagination of every person since, as this small amazing object has been produced more than 25 million times.

But 450 isn't the only switch designed by Achille and Pier Giacomo Castiglioni: there are two "big brothers" designed for floor and table lamps: the 661 and the 662.

Switches

Our switches are ideal for creating your table or floor lamp on your own.

Plugs and sockets

Our plugs and sockets are ideal for creating your table or floor lamp wiring on your own.

SYSTEMS

SYSTEMS

Creative-Cables systems are our lighting solutions designed to adapt to your needs, both in terms of style and interior you're working on. We have solutions for your walls and ceilings, but also to decorate your outdoor spaces. Choose the components that best suits to the mood of your design and to the color of the cable that gave you inspiration. Enhance your interior, create your custom solution, illuminate the room.

Creative-Cables systems are coherent lighting solutions designed to provide you with an answer that fits the style and functional needs you are working on. Our systems address both indoor and outdoor contexts as you simply have to lay the puzzle using the components at your disposal. As is the Creative-Cables trademark, you can of course customize, request different finishes and colours when working with our system solutions, to make sure that the system fits #YourLightStyle. Stay tuned as we develop and extend the ranges within our systems, even here the catalogue never sleeps!

EIVA

The outdoor system by Creative-Cables

EIVA: the first do-it-yourself IP65 Outdoor lighting system.

Water has never been a natural environment for light. Until today. Create your own water, rain and storm resistant lamp with guaranteed Creative-Cables quality.

PATENTED SOLUTION. MADE IN ITALY.

IP65

EIVA SYSTEM

INSULATING GEL

MEMBRANE GRIPPING THE BULB

IP65: WATER AND RAIN RESISTANT

The heart of EIVA is the world's first wired E27 IP65 lamp holder: thanks to the insulating gel inside and a watertight membrane on the bulb, this lamp holder withstands rain and storms in complete safety.

PASTEL

ELEGANT

FOR LAMPSHADES

DESIGNED FOR OUTDOOR, PERFECT FOR INDOOR.

The EIVA lighting system is designed, engineered and patented by Creative-Cables and will allow you to illuminate outdoor spaces like gardens, patios and terraces but also as lighting solution for the bathroom, without having to worry about water splashes.

EIVA components

Configure and complete your EIVA system: choose the version of E27 lamp holder that best suits your needs, naked or with soft touch silicone cover, match the silicone soft touch ceiling rose in the color you prefer and complete your outdoor lighting with Creative-Cables outdoor cables, lampshades, accessories and light bulbs.

Decorate and light up your walls with the FILÈ SYSTEM.

Filè is the Creative-Cables system designed to create wonderful wall or ceiling lighting solutions! Rectangular section cables covered in magnificent colours, high-quality wooden components Made in Italy: with Filè you can build a customized and 100% Creative lighting solution!

MADE IN ITALY.

IP44

FILÈ SYSTEM

EASY

Create an impressive lighting installation in just a few steps. Filè lets you forget about the difficulty and effort of wiring up a lamp holder!

CUSTOMISABLE

Create designs on the walls and ceilings using electrical cables available in more than 20 colors and Made in Italy wooden components. Create effective lighting, tailored to your lighting and design requirements.

MOISTURE-PROTECTION

The rectangular section cable features an IP44 protection classification, meaning that you can also light up bathrooms and kitchens creatively using Filè!

IP44

Components

All components are wooden and 100% Italian made, you can paint, varnish or leave the wood natural to suit your needs and creative projects.

Lumet Complete Kits

Ready-to-use Lumet string lights are ideal for lighting outdoor spaces such as gardens, terraces, and gazebos with a solution that is simple to install and to remove. The kits offer a complete solution, available in different lengths and colors.

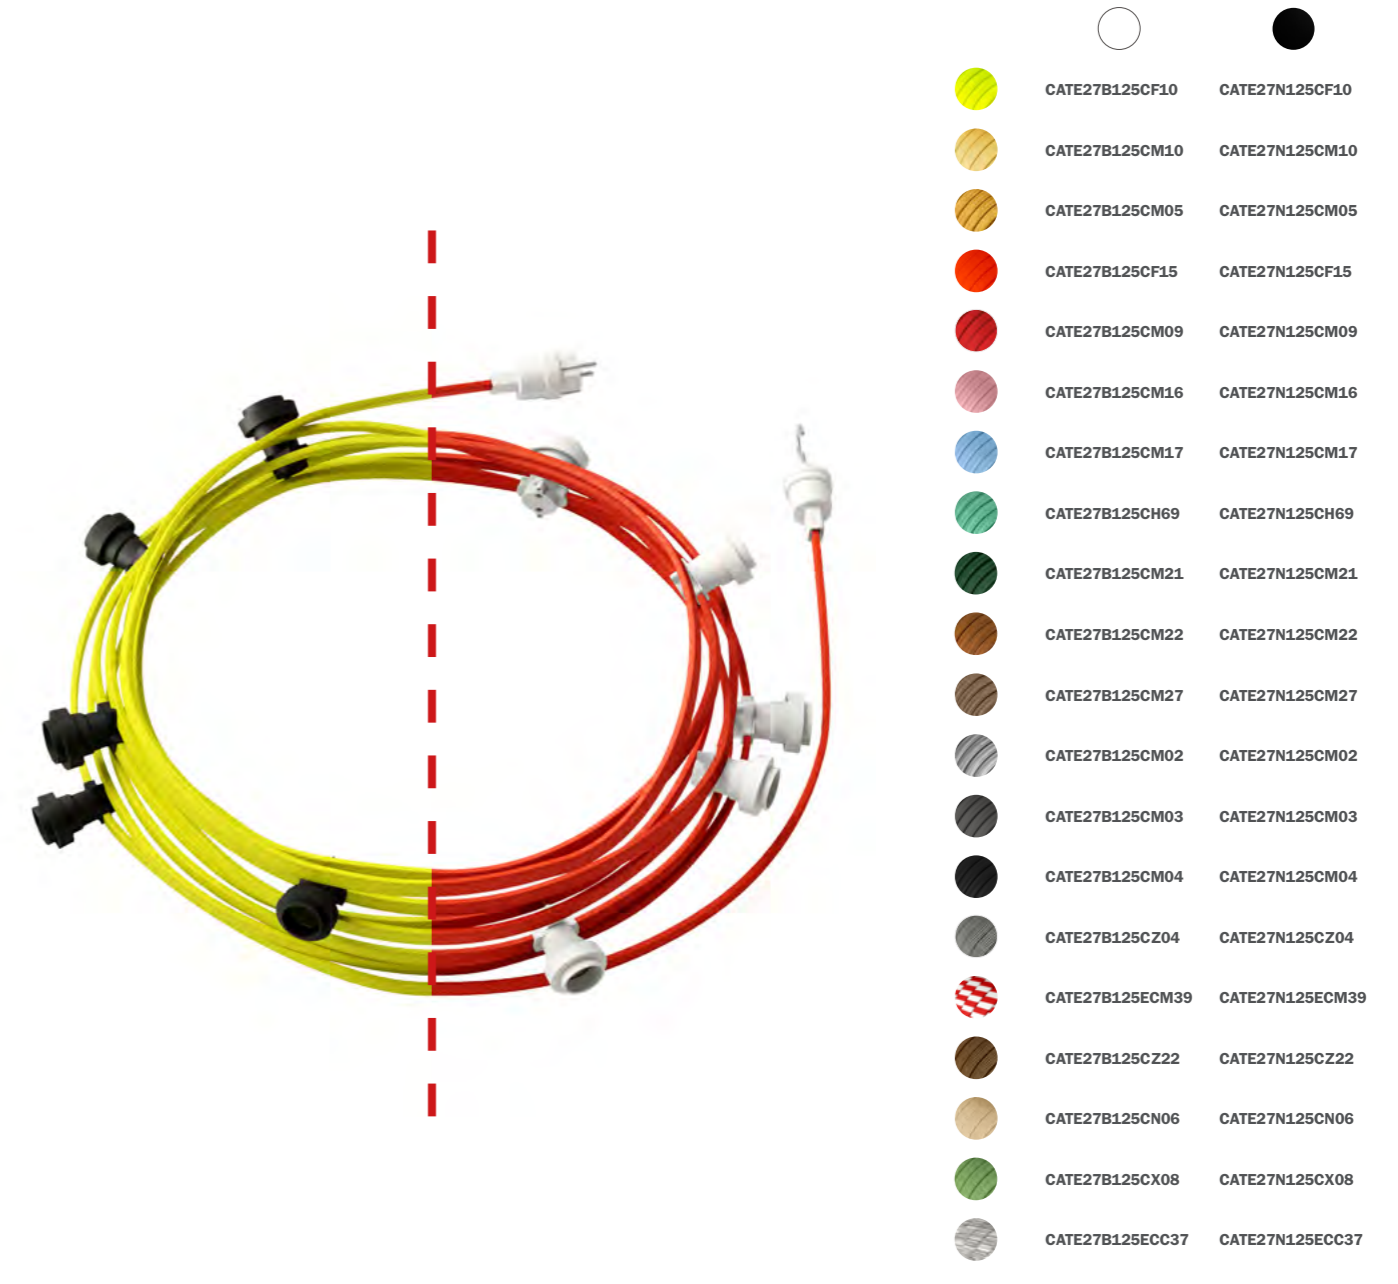

7,5 mt Lumet String Light Kit

This Kit is composed of 7,5m Lumet String Light of the chosen color, 5 E27 Lamp Holders, 1 Hook and 1 Schuko Plug. These string light kits can be purchased with both black or white components.

12,5 mt Lumet String Light Kit

This Kit is composed of 12,5m Lumet String Light of the chosen color, 10 E27 Lamp Holders, 1 Hook and 1 Schuko Plug. These string light kits can be purchased with both black or white components.

Create unique lighting solutions with S14 SYSTEM.

S14 is the Creative-Cables system that allows anyone to create spectacular lighting solutions using a piece of lighting history: tube bulbs.

S14 SYSTEM

REVOLUTIONARY

A large illuminating surface, with reduced glare and a minimal and elegant aesthetic: tube bulbs are unique, and the S14 system finally allows you to suspend them by cable!

CREATIVE

S14 allows you to create all kinds and types of lamps: pendant lamps, creative wall lights or contemporary chandeliers, get creative!

UNIQUE

The minimal and elegant aesthetic of S14 is the lighting alternative you've been searching for. You can play with the placement of tube bulbs and add a unique touch to your interiors.

Lamp holders

Our range of S14d fitting lamp holders enable the infinite potential of linear bulbs. Thanks to Syntax, designed by RLON, tube bulbs can now be displayed in all their majesty hanging directly both from walls or ceilings. Light enthusiasts finally have the possibility to stage tube bulbs in before unseen ways: just plug them to this minimal functional socket and let them shine. This socket can be connected to any round or twisted cable from our range with a strain relief and paired with our metal extension pipes.

Create your own personalized, visible wiring installation with TUBES.

Tubes are the Creative-Cables system that combines the beauty of the fabric covering with the practicality of a true surface wall system. The Tubes system eliminates the need for ugly plastic electrical conduits or rigid metal pipework.

CREATIVE-TUBES SYSTEM

FLEXIBLE

Creative-Tube combines the fabric-covered sheath with two metal filaments, allowing the conduit to maintain its shape when bent. It adapts to suit your needs.

TAILOR-MADE

Create a beautiful and functional bespoke visible system that takes into account your daily needs and the style of your rooms

CREATIVE AND SAFE

You have the freedom to exhibit your electrical system. Create a wall design that is a functional light source without sacrificing safety; the system adheres to the highest standards.

Creative-Tube 20mm

Specifications:

Their internal material complies with CEI-EN 61386-1 + EN 61386-22 Classification 3321 and it is IMQ certified.

Classification No: 3321

Crushing Resistance: >750N on 5cm at 20°C

Shock Resistance: (-15°C) after applying 2 kg mass hammer

Operating Temperature: -5°C to +60°C

Resistance to flame propagation: self-extinguishing VO

Dielectric strength: <2000V A 50Hz

Insulation resistance: >100 mega ohm

Diameter: 20mm

The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 50 meters in length.

HOW TO COMPOSE THE PRODUCT CODE

Rectangular Rose-one ceiling roses can be connected to each other in a variety of combinations to meet everyone's needs. Here are some examples:

WHAT YOU NEED TO BUILD YOUR ROSE-ONE CEILING ROSE

COVER

Choose the shape, the size and the decoration.
You can either buy it:

PRE-DRILLED

UNDRILLED

ALL-PURPOSE METAL CEILING ROSE

Depending on the cover you chose, you will need to choose the correct one from the 3 available metal ceiling roses: round small for smaller covers, round big for bigger covers or rectangular (either white or black) for rectangular covers.

CABLE CLAMPS

Add the transparent hidden cable clamps to your cart in order to complete your ceiling rose.

WARNING!

If you buy undrilled covers you will also need to buy a template in order to ensure that you drill the holes correctly.

Pre-drilled covers

The Rose-One pre-drilled come in three different shapes: square, round and rectangular. And the squared and round versions are available in two different diameters, 200 and 400mm. Covers are pre-drilled with 1 to 15 holes depending on their dimension following different kind of punching schemes. Covers come in different designs and colors and are made in aluminum or dibond. Complete the Rose-One ceiling rose with specific accessories: a metal ceiling rose and cable clamps.

Un-drilled covers

The Rose-One un-drilled come in three different shapes: square, round and rectangular. And the squared and round versions are available in two different diameters, 200 and 400mm. Covers come in different designs and colors and are made in aluminum or dibond. Covers can be drilled following different kind of punching schemes: to drill the covers use our template.

Components

Compose your Rose-One system with these special components. The metal ceiling roses are the base of Rose-One System They are available in 4 versions, each one suitable for the different shapes and sizes of the Rose-One covers. While the special transparent cable clamps are designed to be hidden.

The Rose-One Template allows you to drill the un-drilled covers

Wooden templates to drill the covers yourself

These wooden templates allow you to drill any round, square or rectangular cover for Rose-One in your store with a common drill. The holes are numbered to facilitate drilling: if you want, you can use our legend to reproduce the most classic drilling patterns.

You can drill the round and squared covers with this template:

KDIMA-ROSE-ONE

You can drill the rectangular covers with this template:

KDIMA-ROSE-ONE-RE

Take the light anywhere you want with SPOSTALUCE
Install ceiling and wall lights to create your own tailored lighting system, even if there is no connection to the electrical circuit.

SPOSTALUCE SYSTEM

ANYWHERE YOU WANT

It doesn't matter where the connection to the mains supply is located; all you need to do is connect the cables and then position Spostaluce anywhere on the wall.

CUSTOMISABLE

Create original and contemporary interior lighting designs on the walls and ceilings with the round and twisted electric cables and metal finishes of Spostaluce.

CHOOSE YOUR STYLE

Minimal, vintage or industrial: each of the metal finishes available lets you create your preferred home decor style.

Spotaluce Lamps

Ready to use with many different colours and fabric textile cables from Creative-Cables. Spotaluce are the light points that will allow you to take the light source wherever you want, no longer having the issue of where the connection is to your electrical circuit. Available in many versions and finishes, with Spotaluce it will be possible to create light installations both on the ceiling and on the wall.

Each Spotaluce lamp includes a 2x0,75mm textile cable 3 metres long.

You can buy them with the cable supplied in the versions designed by us or customize their colour and length according to your needs!

MAGNETICO® SYSTEM

Configure and reconfigure your lamps just as you like with MAGNETICO®
Magnetico® is the lamp system that allows you to light your indoor spaces with complete flexibility.

MOBILE

The Magnetico® system is based on an E27 lamp holder that can be installed on any flat metal surface, allowing you to easily move the lamp any time you need.

COLOURFUL

Magnetico® products are available in an extensive range of colours. From the brightest to the more neutral shades, there's a colour to suit everyone's style!

FLEXIBLE

Direct the light where it is needed by simply repositioning the lamp holder. Magnetico® adapts to your changing needs, and the possibilities are endless!

Magnetico®-Plug

It is a magnetic lamp holder able to adhere to any flat metal surface, no matter whether vertical or horizontal! Magnetico® -Plug is available in 9 different finishes and is equipped with a coloured 3 meter cable, switch, two-pole plug and E27 lampholder.

MPLUGVNR04

MPLUGVBORC01

MPLUGTISRM03

MPLUGRASRN06

MPLUGOTSRM04

Magnetico®-Base

It is a small metal base, available in 9 different finishes, which can be associated with Magnetico® -Plug to create movable table lamps. It is ideal as a portable and adjustable light for reading or working on a PC, but it can also illuminate a coffee table or a bookcase. Also equipped with a fold, it allows you to direct the light as desired.

SMART HOME SYSTEM

Your Smart Light Style

What's a smart ceiling rose? The ideal solution for those who live in a smart home or for those who want to start taking their first steps in home automation making their home "intelligent". Have fun activating the chandelier with a simple voice command, turn on the lights of your home automatically at sunset, create custom scenes and atmospheres by inserting your lamp in a group of lights: make any wall or ceiling lamp in your home smart with Creative-Cables!

Compatible with Amazon Alexa and Google Home

All the Creative-Cables smart ceiling roses are equipped with an ON/OFF switch already wired and ready to be easily connected to your electrical system, they can be controlled through the Smart Life app or connected to a voice assistant (they are compatible with Amazon Alexa and Google Home) and help you create lighting groups for custom scenes and atmospheres.

Smart ceiling roses

A smart ceiling rose is the "connected" version of a lighting rose: it can be used to create remotely controllable pendant, wall or ceiling lamps using an App or voice assistants. Choose the size of the ceiling rose (classic or XXL), the number of holes you need to create your lamp (up to 14 pendants!) and the finish that best matches your interior design style and have fun creating your own connected lamp!

Wi-Fi Light Bulbs E27

A series of classic LED bulbs, but "smart" because they can be controlled remotely via the Smart Life app installed on any smartphone or tablet and compatible with major voice assistance systems such as Google Home and Amazon Alexa. Thanks to the E27 socket you can install our WiFi bulbs on any lamp or lampholder and make it smart.

LAMPS

AT CREATIVE-CABLES BUYING A LAMP TAKES ON A WHOLE NEW MEANING

At Creative-Cables, lamps can take many shapes and styles in order to adapt to everyone's needs. Here's how to turn your projects into reality:

LAMPS DESIGNED BY US

In our assortment you will find a numerous of options that we've designed for you. You just need to choose the model, the finish and receive it directly where you need it in a few days. You can decide either to receive it already mounted or in a DIY kit!

PERSONALIZE ANY DESIGN

Personalizing a Creative-Cables lamp means adapting any of the components to your specific needs: from changing their colors to extending its length as you may need it. Each personalization is free of charge!

DESIGN YOUR OWN LAMP

Use the lamp configurators available on our website to mix and match the components and create the lamp you desire to have. You can decide either to receive it already mounted or in DIY kit!

Have a look at the following pages to get some inspiration! And, if you need any help our Customer Service is always at your disposal.

SINGLE PENDANT

Choose the material and the finish of the ceiling rose and which cable clamp to match it

Decide type, color and length of the textile cable

Match the lampholder

Select the light bulb

SINGLE PENDANT WITH LAMP SHADE

Choose the material and the finish of the ceiling rose and which cable clamp to match it

Decide type, color and length of the textile cable

Match the lampholder

Select the light bulb

Select the lampshade

MULTI-PENDANT

MULTI-PENDANT WITH LAMPSHADES

Choose type, number of holes, dimensions, material and finish of the ceiling rose

Decide type, color and length of the textile cables

Match the lampholders

Add light bulbs

Select the lampshades

TABLE LAMPS

Match the bulb that you prefer or add a lampshade

Add an extension pipe if you need it

Choose the finish or the material of the components

Choose the color and the lengths of the cable

PLUG-IN LAMPS

CEILING AND WALL LAMPS

UFO UNCONVENTIONAL FLYING OBJECT

The project

We selected 7 famous & promising emerging artists, we chose two of their most representative artworks and we lit them up: this is how the UFO collection - Unconventional Flying Objects was born. 7 double-faced wooden disks, processed and printed in Italy, ready to become a wall or a suspension lamp. Well, actually two: both sides of the disk are illustrated with different designs! Men and women, cactus and pineapples, mandala and azulejos, ice cream and cupcakes, and not to forget fish, dogs and flamingoes: A surprising variety of subjects and colours that create playful, romantic or surreal atmospheres.

UFO Suspended and wall lamps

UFO, when equipped with the right accessories can be easily turned into flying suspension light or a wall lamp: Special attention has been given to the colours of cables and lamp holders chosen to ensure the best aesthetic result. We recommend you to pair UFO wall lamps with a small Half Sphere bulb that won't cover the illustration, only illuminate it without dazzling the observer.

UFO COLLECTION "PEMBERLEY POND"

The project

Pemberley Pond is the name of the duo who illustrated the cover of "Goodnight Stories for Rebel Girls", one of the most successful children's books of recent years. Thanks to their unmistakable calligraphic style, 8 quotes inspired to the pleasure of reading have become 4 reversible UFOs and double-faced MINI-UFOs: all ready to decorate walls, chandeliers and tables! All printed in Italy in poplar wood, they all share a playful and naive style and are ideal in the room of baby readers, to illuminate their first books and guide them into the pleasure of reading.

UFO and MINI-UFO

Ufo suspended, wall and table lamps

UFO and MINI-UFO, when equipped with the right accessories can be easily turned into 4 flying suspension lights. 4 flush lights or 8 table lamps: special attention has been given to the colours of cables, the lamp holders and the table base chosen to ensure the best aesthetic result.

MINI-UFO COLLECTION "READING BALLSH*T"

The project

The first MINI-UFO collection for Posaluce - illustrated in the ironic calligraphic style of lepalle.it - is dedicated to readers, who are known to be the finest and snobbiest liars

MINI-UFO

4 small poplar wood disks, processed and printed in Italy, with a central hole: they need to be mounted on a white wooden Posaluce and they are ready to illuminate your reading sessions. Both sides are illustrated. Available in italian or english.

Posaluce with MINI-UFO

The essential design of a white wood Posaluce is embellished by a reversible MINI-UFO from the collection "READING BALLSH*T". Available with italian or english MINI-UFO, they include: plug, switch and 2 m jute cable

ABOUT US

Creative-Cables

Creative Cables was founded in 2013, fueled by a combination of the textile tradition of Turin, Italian passion for interior design and the contemporary conviction that made-to-measure is the new luxury. Still at the heart of our mission, these elements have taken us beyond fabric/textile cables and to develop a “toolbox” to allow consumers and professionals alike to bring their lighting dreams to life either by customizing ready-to-use products in our catalogue or sourcing components to build from scratch. Creative-Cables has placed the lighting world on its head by eliminating the concept of “standard”, be it in terms of lengths, color, combinations, or simply the setup of your lamp and instead substituted it with “choice” and the idea of “Your Light Style”, so you choose!

In a relative short period Creative-Cables has developed an online presence that stretches across 20+ countries, 4 continents and it's own retail network of Flagship stores in 6 countries. We also serve the professional market via a dedicated B2B division with a dedicated account management team and website, with local presences in Italy, UK, Spain and USA.

REASONS TO BECOME A B2B CUSTOMER

Choice

We offer hundreds of IMQ-HAR or UL certified cables made in Italy, complemented by a variety of lighting accessories and high-quality light bulbs that can generate thousands of combinations. Our assortment is regularly reviewed to set or match current lighting trends.

Assembly

We can assemble and certify almost any of our products together to create your desired ready-to-use lamps that only need to be positioned and switched on. Simply nominate the components you need and contact us to receive the best quotes available complete with volume breaks for larger quantities. The more you buy, the more you save.

Customization

Anything can be possible at Creative-Cables. We like to explore your ideas and encourage your creativity: if what you want is feasible, we can make it happen. We are the producer, so ask us if we can create what you need.

Service

Our B2B website is active 24/7: In addition, each B2B customer receives dedicated support from a qualified account manager who can assist you throughout the process before, during and after the sale.

Logistics

B2B orders of any size can be prepared within 5 working days, 80% of our orders are dispatched within 48 hours. We have mastered our efficiency to allow you to receive what you need when you need it. For special customized products or assemblies, we can advise approximate lead times to ensure you have all the information you need to plan accordingly.

Point of sale materials

We have boxed products and sample displays cases. Corners Display Panels are the solution to display a wide selection of products in your store or showroom to maximize sales by properly expressing the idea of possibilities of light installations that can be obtained with Creatives Cables components.

Shop Corners.
A selection of our best sellers hanging
directly on your shop's wall.

L 120cm, H 240cm, D 30cm

ADVANTAGES OF CREATIVE CABLES SHOP CORNERS

DISPLAY AND SALES MADE EASY

A 120cm ready to use wall unit that brings together a selection of Creative-Cables best selling components and lamps.

The Creative Cables Toolbox and the mix-and-match spirit at a glance.

VISIBILITY AND SERVICE

All retailers with a Creative Cables Shop Corners are identified with a premium "corner" identifier on the Creative Cables retail map and furthermore are given priority in order preparation

BUSINESS MODEL

Shop Corners are provided on "loan-to-use" basis against a minimum order amount and furthermore shop corner customers gain a fixed discount on all future orders. Contact our B2B salesteam for more information.

Creative Box.
Easy for the customer
to SEE, simple for the
shopkeeper to SELL.

CREATIVE-BOX VER. I - ELEGANCE

The Creative-Box Elegance

Focuses on the elegance yet simplicity of metal brushed finishes. Declining this style in 4 product families: a 6-pendant ceiling lamp, 4 wall lights, a table lamp and the Filè System for walls and ceilings. The Creative-Box focuses on these 4 product families, illustrating the different finishes and how these can be customised with a few, finite choices (different colours of cable, heights of the table lamp and finishes of the lampholder) all on show within the Creative-Box.

CREATIVE-BOX-V1
 L 115cm, H 235cm, D 75cm

CREATIVE-BOX VER. 2 - OUTDOOR

The Creative-Box - creative box outdoor

The Creative-Box focuses on our outdoor lighting solutions:

Featuring EIVA, the world's first IP65 waterproof wireable lamp holder, and the cool collection of outdoor decorative lighting it powers.

Lumet, the festoon string lighting installation that allows you to hang the lights where you need them and populate with the stylish E27 light bulbs of your choice.

CREATIVE-BOX-V2
L 115cm, H 235cm, D 75cm

ADVANTAGES OF CREATIVE BOXES

STANDALONE IN-SHOP DISPLAY

The Creative-Box puts a specific style or mood from the Creative-Cables catalogue on show in a stylish 115cm x 75cm x 235cm self-contained box.

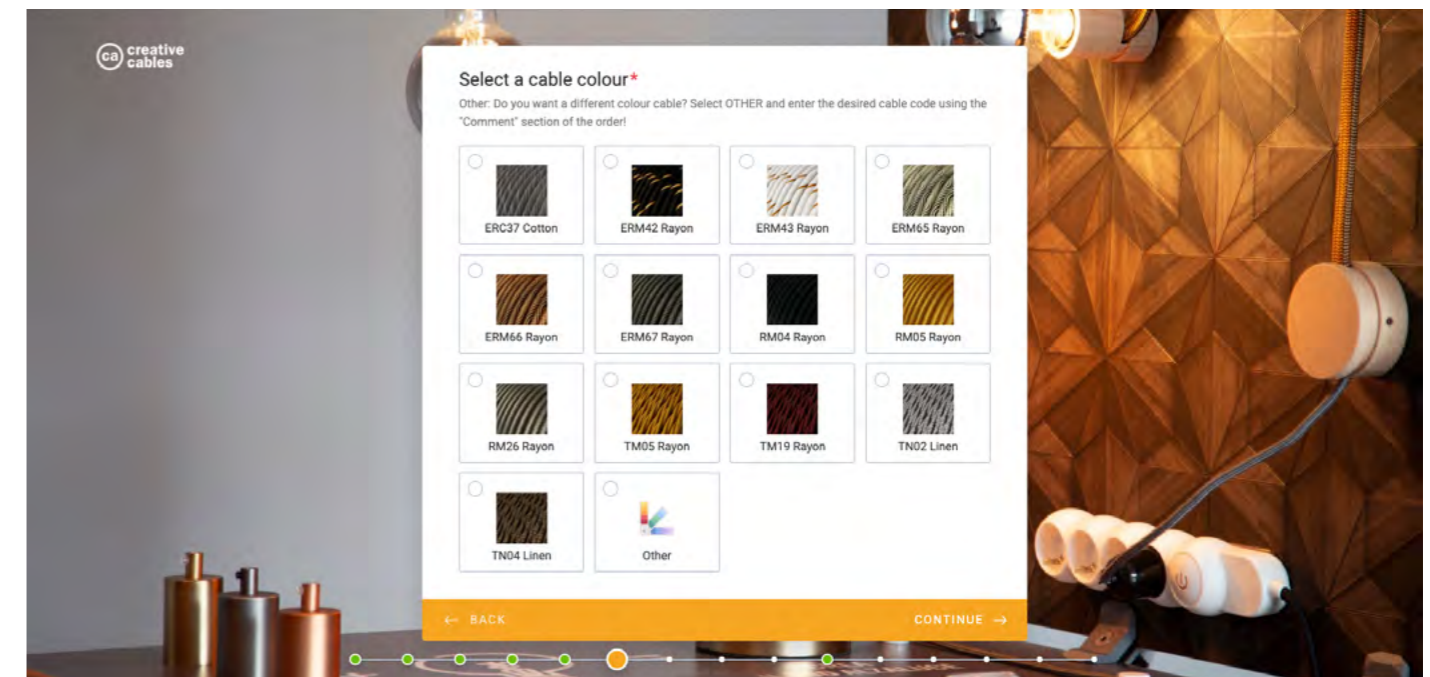

ORDER CONFIGURATOR

Creative Boxes come with an intuitive configurator that runs on a mobile phone or tablet allowing the shopkeeper to complete the sale with the customer, on the spot. The configurator quickly gives the customer a price for any variations desired in a matter of a few clicks.

NO NEED TO HOLD STOCK

Place the order with the customer, we prepare and send so the customer can pick up at the retail point within a few days.

Eiva Mini Creative Box - Counter display unit

A tool that will make it easier for the customer to choose and for the retailer to sell. Despite its small size, the display unit contains all the components of our Eiva outdoor lighting system: the two Pastel or Elegant lines, the 8 silicone finishes available, the selection of Creative Cables cables for outdoor use and the innovative lamp holder patented by Creative Cables. The display unit is shipped pre-assembled, thereby avoiding the hassle of having to follow any assembly instructions. Just open the box to display it and start selling! Contact your local B2B sales team to find out how to get an EIVA Mini Creative Box with your next order.

L 45cm, H 32cm, D 6cm

Cable Display Case

The eco-friendly leather suitcase for exhibiting the fabric cables samples of Creative-Cables. An elegant and practical way to present our vast range of colours and fabrics to your customers.

Each cable is labeled and can be extracted from the case: making it a useful helper when it comes to sales, but also an attractive piece to exhibit in your shop!

Counter-top or wall cable display

232 Textile cable colours displayed in colour scale in the space of one metre: thanks to this new display you will have a highly effective tool at your fingertips to help your customers find the right cable for their unique projects. Made of expanded pvc for resistance, the new display has a simple and elegant design and can be used as a stand or installed on the wall. Choose between the white or black version, both personalised with the Creative Cables logo. All samples are supplied with clearly legible labels to make it easier to identify the specific cable and place an order. The way the cable is inserted and extracted from its slot is even easier, thus extending the life of the individual samples.

L 50cm, H 40cm, D 9/19cm

ESP8REEL
L 62cm, H 23cm, D 11cm

Reel Display Kit

The Reel Display Kit is a simple and elegant solution for displaying Creative-Cables cables on a wall. Each kit consists of 2 lateral leg loops with logo and 2 bars, to easily exhibit up to 8 reels of cable. The cable reels are not included, but are supplied by default with the purchase of 50 meters of lighting cable and 25 meters of cable for string lighting cables (or relative multiples).
